SRM hospital opens ROP screening for premature babies

Chennai, Aug 14: SRM Medical College Hospital and Research Centre (SRM MCHRC) and Aravind Eye Hospital have signed a Memorandum of understanding by which the former will now be able to provide regular Retinopathy of Prematurity (ROP) screening of high-risk babies at its premises in Kattankulathur. This is done as part of the commitment to the National Program for Prevention and Control of Blindness (NPCB), to prevent childhood blindness due to ROP.

Aravind Eye Hospital will provide a team of experts and expertise to do the screening at SRM

Medical College and Hospital and Research Centre (screening include Tele ROP). Apart from screening, experts from Aravind Eye Hospital will provide treatment advice, perform interventions in the form of laser or intravitreal injection or surgery free of cost. Speaking at the MoU signing, Dean of SRM MCH Dr. A. Sundaram said, "ROP is the important cause of childhood blindness. This can be if diagnosed early."

Dr. Prabhu Baskaran, Vitreo-retinal surgeon from Aravind Eye Hospital, said, ROP screening will be done by a trained technician while the intervention will be done by a doc-

tor. The screening process would take less than five minutes, while the intervention if it extensive laser it will take about 45 minutes while a smaller process will take 30 mins or so. The outcome of this process will help cure blindness in premature babies."

Pro Vice Chancellor (Medical) Lt. Col. Dr. A. Ravi Kumar said, "The idea is to catch the illness early and treat it. This process is a welcoming effort and this opens new avenues for treatment in the future." The cost of screening right now is done free.

Hanumanth Sena files complaint against Savukku Sankar

Chennai, Aug 14: plaint against Savukku to the Chennai Commissioner of Police . Hindu Peoples party Sankar for his twitter posting damaging the Akila Bharatha Hanumanth Sena filed a com-

In a complaint, E.R. Kalimuthu, General Secretary, Hindu Peoples party Akila Bharatha Hanumanth Sena said, On August 5 Prime Minister Modi performed Bhoomi pooja at Ayodhya for constructing Ram temple. Many Hindus including Telangana Governor Tamizhaisai Soundarajan shared their happiness and posted pictures in their twitter account.

Savukku Sankar, a DMK man abused the Hindu god and posted twitter message in a denigrating manner. His act will damage the unity of the Hindu community. We seek action against Savukku Sankar for promoting enmity between different groups and deliberate and malicious acts, intended to outrage religious feelings.

Meenakshi Mission Hospital offers ultra protection against Covid-19 infection

Chennai, Aug 14:

By rolling out what it calls the 'Six-Stage Ultra Safety Program' that ensures contactless detection of potential carriers of the Covid-19 virus, 100% sterilization of indoors, and minimal physical contact while providing healthcare services, Meenakshi Mission Hospital and Research Centre, Madurai, has become perhaps the safest hospital in India to offer the highest possible protection to its patients, visitors, and staff, against Covid-19 infection.

Currently, Meenakshi Mission Hospital is also the only hospital in the country to produce N-95 masks on its own - and to use three different advanced technologies for COVID-19 testing, namely: Reverse Transcription Polymerase

Chain Reaction (RT-PCR), True

Nucleic Acid Amplification Test (CB NAAT).

Dr. S. Gurushankar, Chairman, Meenakshi Mission Hospital, Madurai, said, "Essentially, the program is all about creating redundant layers of protection against Covid-19 infection, so that the in-patients and outpatients who need ongoing treatment for various other ailments can avail - and our doctors, paramedical and administrative staff can render - necessary healthcare services without any fear of Covid-19 infection."

The 'Six-stage ultra-safety program' makes optimal use of AI and robotics for contactless detection of symptoms in our visitors, sterilization of indoors, as well as contactless checkup, and treatment, wherever it is possible and desirable.

Putin extends e-visa facility to Indian tourists

Moscow, Aug 14:

Russian President Vladimir Putin signed a law on the introduction of a single entry electronic visa for 53 nationalities visiting Russia effective from Jan 1 2021.

The move was welcomed by the tourism sector, saying it was a step that would eventually strengthen Russia's position as a major player in global tourism.

The Russian Information Center in India commented that the eVisa would enable Indian tourists to book their tours to Russia just five days before the intended date of departure making the process simple and quick and most of the package tours sold in India are for less than 16 days.

In addition, guests will not be restricted to a specific region but will be able to move freely around the country to any region of their choice.

The e-tourist visa,

Cambodia warned against trade deal with China

Phnom Penh, Aug 14:

Cambodia's bid to offset the partial loss of a European Union preferential trade scheme by pursuing a free trade agreement (FTA) with China will leave the country poorer and beholden to Beijing experts in this subject have warned.

Last week Cambodia and China announced agreeing to trade negotiations which ministers in both sides say that it will bolster ties between the two nations and benefit them both.

The EU in mid-February announced plans to

suspend tariff-free access to its market under the "Everything But Arms" (EBA) scheme for around one-fifth of Cambodia's exports only.

The decision will result in a loss of around U.S. \$1.1 billion of the country's annual U.S. \$5.8 billion in exports to the EU, some 75 percent of which are made up of clothing and textiles—a crucial industry in Cambodia that employs one million people.

China to seize the opportunity, has stepped in to wield significant influence in Cambodia.
